1. Travel information

1.1 Arrival

The participants will arrive at Venice – Marco Polo Airport, on 18th October 2015.
They will be welcomed by professional staff from a transport company (Air Service, see below).

Airport – Hotel Transfers

A shuttle service from and to airport will be provided by a referenced private transport company.

Air Service:

www.airservicepadova.it

email: airservice@taxipadova.it

phone. +39 049 870 4425

Please, wait for the authorised driver, who will have a board with the participants' name, and do not go directly towards taxis.

1.2 Accommodation

The participants will benefit from B&B accommodation all along the training (13 nights).

Agenda

19th - 30th October 2015

Capacity development for implementing a Geographic Information System (GIS) applied to surveillance, control and zoning of avian influenza and other emerging avian diseases in China

Participants

IZSVe (IT): Nicola Ferrè, Paolo Mulatti, Matteo Morini, Matteo Mazzucato, Andrea Ponzoni, Matteo Trolese, Monica Lorenzetto, Annie Ishebabi, Laura Bortolotti, Grazia Manca, Lebana Bonfanti

CAIQ (PRC): Qiu Songyin, Ji Fan

Monday, 19th October 2015

Morning

Welcome address and round-table presentation
Discussion on the project status
Room: Sala Consiglio

Lunch break

Afternoon

IZSve visit
Training material review

Tuesday, 20th October 2015

Morning

GIS Management – Theoretical approach
GIS Unit

GIS Software Overview
GIS Unit

Database: Theoretical Overview
GIS Unit

WebGIS: Step 1
GIS Unit

Lunch break

Afternoon

Practical exercise

- QGIS online courses
- GIS management training material

GIS Unit

Wednesday, 21st October 2015

Morning

ESDA: Step 1

GIS Unit

WebGIS: Step 2

GIS Unit

Lunch break

Afternoon

Practical exercise

- QGIS online courses
- GIS management training material
- WebGIS programming
- ESDA practical
- Database practical

GIS Unit

Thursday, 22nd October 2015

Morning

GIS Management: Step 1

GIS Unit

WebGIS: Step 3

GIS Unit

Lunch break

Afternoon

Practical exercise

- QGIS online courses
- GIS management training material
- WebGIS programming
- ESDA practical
- Database practical

GIS Unit

Friday, 23rd October 2015

Morning

GIS Management: Step 2

GIS Unit

WebGIS: Step 4

GIS Unit

Lunch break

Afternoon

Practical exercise

- QGIS online courses
- GIS management training material
- WebGIS programming
- ESDA practical
- Database practical

GIS Unit

Monday, 26th October 2015

Morning PRINCE 2: Theory of Project management
IT Service

IT architecture: IZSve Implementation
IT Service

Lunch break

Afternoon Practical exercise on Project management
IT Service

Tuesday, 27th October 2015

Morning Database: Theoretical Overview
GIS Unit

Lunch break

Afternoon Project web site: Discussion on the website content
GIS Unit

Wednesday, 28th October 2015

Morning Animal traceability: Creation and management of a well-articulated and ever growing identification system
Data Bank Management and Animals' Register

The use of Information System to organize, implement and verify Veterinary Service activities
Information System and Information Technology Laboratory

Lunch break

Afternoon Further development on Cooperation project activities
GIS Unit

Thursday, 29th October 2015

Morning Epidemiological situation and Surveillance of AI in Italy
Epidemiological surveillance, veterinary legislation and animal welfare Unit

Lunch break

Afternoon Open discussion: Project follow up activities
GIS Unit

Friday, 30th October 2015

Morning Planning and discussion of the preliminary report on the visit outcomes.
GIS Unit
